

POCKETVOICE

Low Cost, Secure Solar-Powered Player

 MEGAVOICE

Be the voice in their pocket with the MegaVoice PocketVoice!

What could you do with ten minutes or 2 hours? Share a powerful testimony at a rally or outreach event? Sample a new audio product like a study Bible or audio book? Share the Gospel of John? Carry the hope of the Psalms to refugees in their heart language? Comfort those dealing with fear or trauma? Proclaim peace with God in a war zone? The possibilities are endless!

Meet the MegaVoice PocketVoice, our lowest cost solar-powered player! The same size as a business card, it's a unique and cost effective tool for outreach, encouragement, and so much more. Add your custom images, QR codes, and text to the front of the player, back label, and the lanyard to spread your message and be the voice they hear.
