

SOLAR SPEAKER

SOLAR-POWERED, BT SPEAKER/PROTECTIVE CASE

Solar-powered, BT, water-resistant speaker/charging case for MegaVoice players and cell phones.

As the third-generation solar case speaker from MegaVoice, the Solar Speaker offers many features Partners requested based on their experience in the field. This speaker allows you to amplify your MegaVoice player or cell phone audio for an entire church body or Bible study group (up to 150 people!). Operate the Solar Speaker as a loud speaker system by pairing it with an external UHF Headset transmitter¹. It will also keep your MegaVoice player or cell phone charged and protected while you're on the go. The solar-powered battery pack, rugged hard-shell case, and heat/water-resistant design make it the perfect accessory for mission trips, larger group audio presentations or even yard work, camping, and more. Includes auxiliary cord and charging cable with universal adapters for a variety of cell phones and audio players.
