## 2018

**For over 30 years, MegaVoice has been creating and distributing solar powered audio Bibles to the ends of the earth.**

Since inception in 1988, MegaVoice has invented, innovated and developed the world's best solar powered tools to share God's word.

SOLAR POWERED

AUDIO PLAYERS

**MegaVoice carries four lines of audio players.** These include the Envoy 2 E Series, Envoy 2 S Series, Envoy Connect, and the Companion Series.

Each line offers different features so that you can choose the best fit for personal or ministry use.

Every MegaVoice player is equipped with a raised-button navigation keypad. The keypads are designed so that individuals - including children, elderly, visually impaired and blind - can confidentially navigate voluminous audio content with ease.

For a comprehensive list of features, see the comparison chart on page 10 and 11.

# GALCOM

**The Envoy 2 E Series is an advanced line of 4 solar powered audio Bible devices released by MegaVoice in 2018.** Comprised of the Elite, Echo, Equip and Ember, models in the Envoy 2 E Series have several exclusive feature options. These include a flashlight, audio recorder, and FM radio.

Depending upon the Envoy 2 E Series model selected, MegaVoice Ministry Partners can:

- Record Bible translation work, testimonies, language studies, Bible stories or even a new song.

- Listen to Christian stations, disaster relief networks, or messages for refugees using the FM radio.
- Load multiple Bibles.
- Load a Bible and commentary.
- Load Bible stories.

**The Envoy 2 S Series is a line of 3 solar powered audio Bible players released by MegaVoice in 2018.** This line is comprised of the S Dual, S, and ST.

Depending upon the Envoy 2 S Series model selected, MegaVoice Ministry Partners can:

- Load two languages to create a bi-lingual (Cross Navigation) Bible.
- Load multiple Bibles.
- Load a Bible and commentary.
- Load Bible stories.

**The Envoy Connect is a stand alone solar powered audio Bible released by MegaVoice in 2018.** Uniquely designed, the Envoy Connect provides a simple and easy user experience for everyone.

MegaVoice Ministry Partners can:

- Play DAISY books, newspapers or magazines.

**The Companion Series is a line of 2 battery powered audio Bible players released by MegaVoice in 2018.** This line is comprised of the Companion and Shield. Designed to be our smallest audio players, both the Companion and Shield will easily fit in your pocket. The Shield is consistent with military requirements, making it ideal for distribution on the battlefield.

MegaVoice Ministry Partners can:

- Load multiple Bibles.
- Load a Bible and commentary.
- Load Bible stories.

# WILDLIFE

Wildlife STORYTELLERS are child safety certified soft toys with a MegaVoice player inside. The players can be loaded with Bible stories, songs and other life-giving content. Designed to reach children with the message of God's love, these adorable animals have been embraced by children in countries all over the world. Animals include bears, elephants, lambs, lions, and tigers.

Whether they are provided to children in western or third-world countries, MegaVoice ministry partners continue to receive pictures of kids joyously hugging their Wildlife STORYTELLERS.
