

Story Teller

Solar-powered, low cost digital audio player

 **MEGAVOICE**
breaking the silence

This low cost, lightweight, solar-powered audio player is simple for anyone to use - including non-readers, elderly, and children. Single button navigation makes Story Teller ideal for evangelism and Bible storying. Easily load over 25 hours of tamperproof audio: Bible stories, music, discipleship training, educational, humanitarian content and more.

Loading content has never been easier. Simply use your PC to organize your audio, then drag-and-drop your MP3 audio files to the Story Teller using ST software and MegaVoice USB cable.

Thousands of Scripture message/language combinations are available from the MegaVoice Audio Library. Preview content for the cost-effective Story Teller at megavoiced.com/search
